Conserving water at the source.

Newly Patented 1.5 GPM Green Technology Showerheads For Penal Showers

HighSierra Showerheads proven Full Coverage Spray (FCS™) technology delivers a strong, and effective shower from only 1.5 gpm. Water and energy use is cut nearly in half, yet the spray is so efficient that the individual showering is unaware of the reduced flow.

*40% Less Water Than Standard 2.5 GPM Showerheads

*40% Less Energy To Heat The Water

*Solid Brass and Stainless Steel Construction

*Satin Nickel Finish

*Patented Strong, Drenching Spray

*Patented Nozzle Does Not Plug And Requires Zero Maintenance

*Payback In Savings: 1 to 2 Months

US Patent Number 7,185,830

Made in the U.S.A

Tamper Proof Models:

FCS-100-VRM3416

1.5 gpm HS Showerhead, Non-Swivel
Male 3/4" - 16 UNF Threads

FCS-100-VRM1220

1.5 gpm HS Showerhead, Non-Swivel
Male 1/2" - 20 UNF Threads

FCS-100-VRM1214

1.5 gpm HS Showerhead, Non-Swivel
Male 1/2" - NPT Threads

FCS-100-VRF

1.5 gpm HS Showerhead, Swivel
Female 1/2" - NPT, Stainless Steel Set Screw

FCS-100-VRM3416

Replaces WSH-7/Willoughby or equivalent

FCS-100-VRM1220

Replaces WSH-5/Willoughby or equivalent

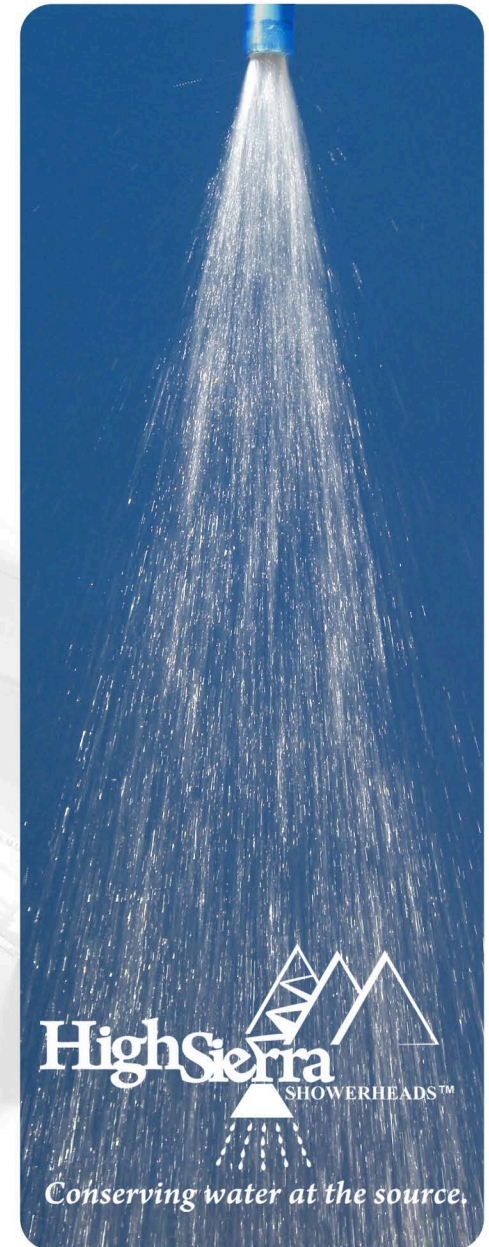

FCS-100-VRM1214

Replaces Acorn 1/2" male threads or equivalent

FCS-100-VRF

Replaces all swivel type showerheads with 1/2" female threads
